

To all parents and guardians,

When your child is due to receive a vaccination, please do use a name sticker.

Using the name stickers greatly reduces the amount of items you need to fill in on immunization vouchers!

In order to encourage those who have not yet vaccinated their children, and so that in the future you can keep track of your child's vaccination history on your PC etc., the City of Hiroshima keeps records of routine vaccinations.

However, there have been many cases where names and dates of birth have been incorrectly recorded.

To ensure that information is correctly recorded, and to make it easier on parents and guardians, we strongly recommend using the name stickers.

When attaching the sticker, there is no need to write your name or your child's gender.
Please write your address only.

Important Points

- **Please do not cut out name stickers.**
It is essential that all the recorded information on the sticker can be read.
- ▲ **The stickers are intended for use on immunization vouchers only.**
Please do not use on health check-up vouchers for infants or vaccination request forms at the hospital.

- **In the case that you do not use a sticker, please fill out the information in full.**

*The information provided on stickers is based on that recorded on resident cards.

- Please be sure to bring your Maternal and Child Health Handbook along when you are coming for a vaccination.
- Immunization vouchers and name stickers cannot be used outside of Hiroshima City.
